

CORDLESS HIGH-FLOW 600ML SAUSAGE GUN KIT (DIAL SPEED CONTROL)

The new Impact-A High Flow Sausage Gun is used for large caulking applications, where consistent power is required to push a large volume of adhesive or sealant out for a long time, at a smooth and steady flow.

With a maximum thrust of 300kgf and 2.5 -11 mm/s dispense rate, this gun can handle the most viscous product, providing efficiency and reduced fatigue for the user. Durable aluminium body can fit 310ml, 400ml and 600ml sausages and cartridges.

Has a dial speed controller to set desired speed and a locking button for continuous flow, allowing for a precise and clean result every time.

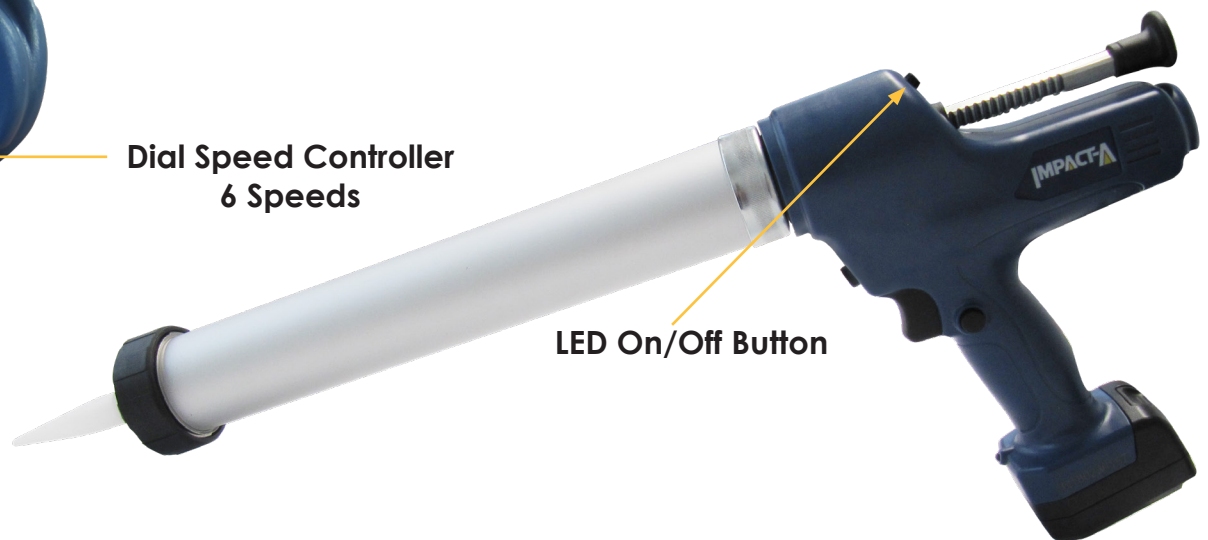

Power Locking Button

Plunger Release Button

Dial Speed Controller
6 Speeds

LED On/Off Button

Key Features

- Dispense Rate – High : 2.5 - 11 mm/s
- Push Force 300kgf max
- Dial Speed Control to set desired speed
- Plunger release button for ease of removing sausage or cartridge
- Led light to illuminate working area
- Power locking button to reduce fatigue and generates constant flow
- Automatic retraction of the plunger, creating an anti-drip function
- Can be converted to a 310 cartridge

Kit Includes

- 2 x 7.2V Li-ion Batteries, 2.5Ah
- 1 x Rapid Charger – Charging time 40 minutes
- 1 x Nozzle
- Carry Case
- Instruction Book

CODE: 28949
